## CLINICAL SCIENCE SYMPOSIUM

### « OVER A CENTURY OF CANCER CARE AND INNOVATION : PROMISING LEADS FOR TOMORROW »

We are celebrating the 1st century of the foundation of the first tertiary cancer center in France (1923) and this event will be clotured by a symposium dedicated to young oncologists that will be held in Bordeaux in France.

During this symposium, several international Key Opinion Leader's will share with our young colleagues their vision regarding the future of cancer.
